Spotlight Story - Malawi, Africa

“Always, my heart still burns for overseas...
To see that the great need of the people in
that country, and how they are so loving,
and want to receive the Gospel, so bad...
They just want to hear about the Lord
Jesus.

Running With The Message

During my travels to countries across the world over the years, I have encountered many local ministers who have shared their need and request for printed Message books and Bibles in their language. Most of us have never experienced what it is like to spend years without being able to hold a Message book in our hands. We are so blessed to have convenient access to the entire Message anytime.

Your support makes it possible for Vision Books to meet the need of providing the Message to Believers worldwide and in every language on earth.

The most exciting development we have observed recently is how Believers are taking the initiative to resend sermons to other nations besides their own. For instance, we have shipped many books to Believers in South Africa, and they have taken the initiative to resend them to nations like Kenya, Namibia, Botswana, Lesotho, and Swaziland. Believers in Ghana have resent books and Bibles to Liberia. This means that we can supply more copies of

books and Bibles to one location with the assurance that these materials are making their way to multiple countries. We believe the Message is true and God has spoken things worth sharing, which was the same in the Book of Acts. This is exciting. This is the vision of Vision Books.

SPOTLIGHT STORY

600,000 Seven Seals, Seven Church Age books, and sermon booklets were delivered to Believers in Malawi in November 2022.

Malawi is located in the southern portion of Africa and, because of its central location, Vision Books has established this country as a distribution point from which many other neighboring nations receive Books, Bibles, posters and prints and micro SD cards.

Working with believers on the ground is critical and one of the pastors Vision Books is working with in Malawi is Bro. Precious Maka-tanje. In Malawi alone, Bro Precious and his team have distributed over 1,000,000 sermon booklets in their native

Chichewan language. They have also teamed up with a local printing company which will allow them to print future sermons locally, which will eliminate international shipping charges.

The ministers of Malawi felt that they had been "forgotten" in terms of having their own sermons in their own language.

But now, not only are they and their congregations able to enjoy these materials themselves, but they are sharing the same books to neighboring nations like Mozambique, Zimbabwe, Tanzania, Zambia, South Africa, Swaziland, the Congo, Namibia.

Last May, 13,000 Seven Seals books were delivered to Believers in Blantyre, Malawi.

600,000 Seven Seals books, Seven Church Age books, and sermon booklets were delivered to Believers in Malawi last November.

Share the Vision

We are so thankful that you have the same burden on your heart as we do to see the Gospel spread to every nation. While we make a specific effort not to “fundraise”, the donations that you give are vital in helping to bring the Word for our day to the hearts of people all over the world.

In August 2022, Seven Seals books were delivered to Believers in Zimbabwe.

Vision Books is funded entirely by freewill contributions from churches and individual Believers. 100% of all donations are used in the work of printing and distributing the Message worldwide.
